Ao acessar apresenta o erro abaixo:

Server Error in '/' Application.

Coluna 'this_.Sufixo' desconhecida em 'field list'

Description: An unhandled exception occurred during the execution of the current web request. Please review the stack trace for more information about the error and where it originated in the code.

Exception Details: MySql.Data.MySqlClient.MySqlException: Coluna 'this_.Sufixo' desconhecida em 'field list'

Source Error:

An unhandled exception was generated during the execution of the current web request. Information regarding the origin and location of the exception can be identified using the exception stack trace below.

Stack Trace:
